Jason Schmitt

General Manager,
Software Integrity Group

Jason Schmitt is a seasoned leader with a proven track record of deep technical knowledge, product development, insight into emerging and rapidly changing cybersecurity challenges, and go-to-market strategy and implementation.

He brings more than 20 years of experience in security and enterprise product development and management. Jason most recently served as CEO of cloud security startup Aporeto, where he led the company from pre-revenue through a successful acquisition by Palo Alto Networks. He has a deep background in software development and application security – leading Enterprise Security Products at Hewlett Packard as Vice President and General Manager of Fortify and ArcSight. Jason combines security domain expertise with strong experience delivering SaaS/cloud-based solutions.

Jason is a Louisiana native, who completed his bachelor's in Mechanical Engineering and master's in Computer Science at the Georgia Institute of Technology, and his MBA at Georgia State University's J. Mack Robinson College of Business.
